

CURRICULUM VITAE

Frank C. Detterbeck, M.D.

Professor and Chief, Section of Thoracic Surgery
Department of Surgery
Yale University School of Medicine
P.O. Box 208062
New Haven, CT 06520-8062
(203) 785-4931

- Education:** September 1981- June 1983, MD, Northwestern University, Chicago, IL
- September 1978 – June 1981, L. Maximillians University, Munich, West Germany, Field of study: Medicine
- September 1973-June 1976, B.S., University of Michigan, Ann Arbor, MI
- Ludwigsgymnasium, Straubing, West Germany, 1971-73
Degree: Abitur, 1973
- Career:** July 1991-June 1992, Fellowship, Thoracic Transplantation, University of North Carolina, Chapel Hill, NC
- July 1988-June 1991, Fellowship, Cardiothoracic Surgery, University of North Carolina, Chapel Hill, NC
- July 1983-June 1988, Resident, General Surgery, Virginia Mason Clinic, Seattle, WA
- July 1999-present, Associate Professor, Cardiothoracic Surgery, University of North Carolina School of Medicine, Chapel Hill, NC
- July 1992-June 1999, Assistant Professor, Cardiothoracic Surgery, University of North Carolina School of Medicine, Chapel Hill, NC
- July 1991-June 1992, Clinical Instructor, Cardiothoracic Surgery, University of North Carolina School of Medicine, Chapel Hill, NC
- Board Certification:** American Board of Thoracic Surgery, June 1992, recertification 2002
American Board of Surgery, December 1990

Grant History:

National

Co-Principal Investigator for LCCC 2012—A randomized phase II trial to outline the efficacy of preoperative chemotherapy in patients with stage I and II NSCLC: A multicenter trial. (ongoing)

Co-Principal Investigator for CALGB Protocol 9531—High dose induction chemotherapy and radiation or surgery for advanced stage IIIa/IIIb non-small cell cancer. (closed in 1997)

Principal Investigator for CALGB Protocol 9495—Trimodality therapy for Pancoast tumors.

(completed 1999)

Local

UNC Principal Investigator for multiple CALGB and LCCC studies

Authorship of protocols:

LCCC 0119—Venous or arterial ligation and intraoperative dissemination (VALID) of cancer cells: a randomized clinical trial for patients with resectable non-small cell lung cancer. (ongoing)

LCCC 2012—A randomized phase II trial to outline the efficacy of preoperative chemotherapy in patients with stage I and II NSCLC: A multicenter trial. (ongoing)

LCCC 9622—Paclitaxel combined with 5-FU and cisplatin concomitant with radiotherapy in the management of locally advanced or metastatic esophageal cancer in the management of locally advanced or metastatic esophageal cancer (adenocarcinoma and squamous histologies)—a Phase I/modified Phase II trial (completed 2000)

CALGB 9531—High dose carboplatin and paclitaxel with G-CSF and peripheral blood stem cell support followed by surgery and/or radiotherapy for stage III non-small cell lung cancer: a Phase II study (closed 1997)

Funded Grants

Lineberger Comprehensive Cancer Center - Clinical/Translational Research Grant: Micrometastatic tumor cells in early stage non-small cell lung cancer: Correlation with epidemiologic, tumor-related, intraoperative factors and clinical outcomes. Co-principal investigator; \$10,000; 6/15/2003 to 6/30/2004

UNC Medical Alumni Endowment Grant: Venous or arterial ligation and intraoperative dissemination (VALID) of cancer. Principal Investigator; \$5,000; 6/1/2003 to 6/30/2004

N.C. Medicaid grant award: Cost comparison of Pleurx pleural catheters vs. chest tube pleurodesis for the treatment of malignant pleural effusion. Co-principal investigator; \$24,285; 6/1/2003 to 6/30/2004

Funded Grants (Continued):

CALGB U10 grant for clinical surgical oncology research. Principal Investigator; Approximately \$30,000 per year; 1996-99.

UNC Innovative Grant 1995. Development of a clinical pathway for CABG patients. Co-principal Investigator; \$35,000; 6-1995 to 7-1996

Professional Honors or Recognition:

- Listed in “America’s Top Doctors for Cancer” (Castle Connolly guide), 2005
- Listed in “The Best Doctors in America” 2003-2004 database (Best Doctors, Inc.)
- Listed in “Best Doctors,” Business North Carolina Magazine, 2004
- Listed in “Guide to America’s Top Physicians” (Consumers’ Research Council of America), 2003 edition
- Outstanding Service Award, Cancer Care Inc., 2003
- Specialty Teaching Service Award (as selected by UNC Surgery interns) - awarded to

Thoracic Surgery in 1998, 2001, 2002, 2003, 2004
Teaching Scholar, UNC School of Medicine, 1997-99

Lectures, Courses International

Multimodality therapy of lung cancer - Adjuvant therapy for resected N1, N2 lung cancer: radiation and/or chemotherapy? 11th European Conference on General Thoracic Surgery (European Society of Thoracic Surgeons spring meeting). Zurich, Switzerland, March 27, 2004.

Panelist in workshop on mediastinal staging of lung cancer. European Society of Thoracic Surgeons spring meeting. Zurich, Switzerland, March 24, 2004.

Changes in the treatment of Pancoast tumors. Workshop on Locally Advanced Non-Small Cell Lung Cancer (Taiwan Lung Cancer Society and International Association for the Study of Lung Cancer). Taipei, Taiwan, October 2002.

Visiting professor, Yonsei University College of Medicine, Seoul, South Korea. Two presentations: 1) Changes in the treatment of Pancoast tumors. 2) The role of surgery for stage III NSCLC. October 2002.

Lung transplantation after prior thoracic surgical procedures. Third International Lung Transplant Symposium, Zurich, Switzerland, June 1993.

National

Overview of clinical trials in lung cancer (chair for panel discussion). Chest 2004 (American College of Chest Physicians), Seattle, Washington, October 28, 2004.

PET/PET-CT imaging in lung cancer - Diagnosis, staging, prognosis, and cost effectiveness: PET for staging in patients with non-small cell lung cancer (panel presentation). Chest 2004 (American College of Chest Physicians), Seattle, Washington, October 27, 2004.

Mediastinal lymph node staging: Integration and clinical practice (panel presentation). Chest 2004 (American College of Chest Physicians), Seattle, Washington, October 26, 2004.

Approach to the patient with a mediastinal tumor: A surgeon's perspective (panel presentation). Chest 2004 (American College of Chest Physicians), Seattle, Washington, October 26, 2004.

Treatment for the early stage non-small cell lung cancer patient: Options for the nonsurgical candidate - Surgical resection: Less than a lobectomy (panel presentation). Chest 2004 (American College of Chest Physicians), Seattle, Washington, October 25, 2004.

Integration of PET, mediastinoscopy and other invasive procedures in the evaluation of the patient with non-small cell lung cancer. Winter Lung Cancer Conference, Sunny Isles Beach, Florida, March 13, 2004.

Literature review on Invasive Staging of Lung Cancer (postgraduate course on lung cancer). American College of Chest Physicians 2003, Orlando, Florida, Oct. 28, 2003

Lung Cancer (Master Clinicians: Clinical Workshop). American Thoracic Society Meeting,

Seattle, Washington May 2003

The role of FDG PET scan in the management of Lung Cancer (seminar). American Thoracic Society Meeting, Seattle, Washington, May 2003

Development of a multidisciplinary thoracic oncology program (postgraduate course). American Association for Thoracic Surgery, Boston, Massachusetts, May 2003

State of the art of surgery for lung cancer (postgraduate course). Southern Thoracic Surgical Association, Miami, Florida, Nov. 7, 2002.

Management of difficult cases of lung cancer. American College of Chest Physicians 2002, San Diego, California, Nov. 6, 2002.

Multidisciplinary management of lung cancer (postgraduate course on lung cancer). American College of Chest Physicians 2002, San Diego, California, Nov. 2, 2002.

Lung cancer prevention, detection, evaluation and treatment: the guidelines, American College of Chest Physicians 2001, Philadelphia, PA, November 2001.

Diagnosis and staging of lung cancer. Plenary Address, 66th International Scientific Assembly, American College of Chest Physicians, San Francisco, California, October 2000.

Non-small cell lung cancer: neo-adjuvant treatment. 2000 Annual Clinical Assembly of Osteopathic Specialists, Boston, Massachusetts, September 2000.

Lung cancer. Videotaped report for "Cutting Edge Medical Report," (aired nationally on Fox Health Network).

Non-small cell lung cancer: a multimodality approach. Videoconference, New York City, New York, November 1999.

Resectable lung cancer: is surgery enough? Teleconference, April 1998.

Radiographic manifestation of complications following single and double lung transplantation. Society of Thoracic Radiology, Laguna Niguel, California, January 1992.

Oxygen free radical scavengers decrease reperfusion injury in lung transplantation. Southern Thoracic Surgical Association, Scottsdale, Arizona, November 1989.

Regional

Lung cancer update. Mid-Summer Family Medicine Digest, Myrtle Beach, South Carolina, July 9, 2004.

Surgery – state of the art. Lung Cancer Symposium, Methodist Cancer Center, Omaha, Nebraska, September 2002.

What's new in thoracic surgery: changing ideas on resectability. Genesis Medical Center, Davenport, Iowa, November 2000.

Advances in resectable non-small cell lung cancer. Implementation of a Multidisciplinary Thoracic Oncology Program, Huntington Beach, California, July 2000.

Lung cancer—the prodigal disease. Mid-Summer Family Practice Digest, North Carolina Academy of Family Physicians, Myrtle Beach, South Carolina, July 2000.

Operable early stage non-small cell lung cancer management. Hematology/Oncology Conference, Brookdale Hospital, Brooklyn, New York, June 2000.

Evaluation of lung cancer patients: the benefits of cooperative assessment. SUNY Upstate Medical University, Syracuse, New York, May 2000.

Multimodality treatment of lung cancer. Quarterly Cancer Didactic, St. John Medical Center, Tulsa, Oklahoma, March 2000.

Advances in staging and combined-modality therapy in non-small cell lung cancer. Symposium: Multimodality Therapies in the Treatment of Non-small Cell Lung Cancer, Miami, Florida, November 1999.

Detterbeck FC, Socinski MA, Rosenman JG, Rivera MP. Symposium: Combined Modality Approaches in Treating Non-small Cell Lung Cancer. Foundation for Cancer Research and Education, Phoenix, Arizona, November 1999.

Multimodality therapy of early stage lung cancer. Arrowhead Regional Center, San Bernadino, California, August 1999.

The role of surgery in non-small cell lung cancer. 23rd Annual Internal Medicine Conference, Chapel Hill, North Carolina, April 1999.

Lung cancer. Participant, open panel discussion, 23rd Annual Internal Medicine Conference, Chapel Hill, North Carolina, April 1999.

Innovative surgical approaches for the high-risk patient with lung cancer. UNC/Duke Conference on Thoracic Oncology. Pinehurst, North Carolina, November 1998.

Multimodality treatment of non-small cell lung cancer: surgical perspective. Fourth Annual Oncology Symposium, St. Mary's Medical Center, Saginaw, Michigan, November 1998.

The role of surgery in locally advanced non-small cell lung cancer. C.C. (Cy) Young Cancer Symposium, Bartlesville, Oklahoma, October 1998.

Recent advances in the treatment of lung cancer: a surgeon's perspective. Symposium on Recent Advances in the Treatment of Lung Cancer, sponsored by Cancer Research for the Ozarks, Springfield, Missouri, September 1998.

Multimodality treatment of lung cancer: surgical perspective. Mississippi Oncology Society Symposium, Destin, Florida, August 1998.

Multimodality management of lung cancer. American Cancer Society, Saratoga, California, July 1998.

Combined modality therapy for non-small cell lung cancer. Visiting Faculty Program, Albany Oncology Society, Albany, Georgia, February 1998.

Epidemiology and single modality treatment of early stage I-IIIa non-small cell lung cancer. Fifth Annual Coastal Oncology Symposium, Wrightsville Beach, North Carolina, October 1997.

The role of surgery in combined modality treatment of non-small cell lung cancer. Fifth Annual Coastal Oncology Symposium, Wrightsville Beach, North Carolina, October 1997.

Surgical protocols in non-small cell lung cancer. Physicians Day, Multidisciplinary Thoracic Oncology Program, Chapel Hill, October 1997.

The role of surgery in the modern treatment of lung cancer. 8th Annual Cancer Center Symposium, Fayetteville, North Carolina, October 1997.

Multimodality treatment of non-small cell lung cancer: a surgical perspective. Jacksonville Oncology Society, Jacksonville, Florida, September 1997.

Surgical techniques for non-small cell lung cancer. Symposium, South Carolina Oncology Society, Charleston, South Carolina, June 1997.

What's new in lung cancer: epidemiology, markers, and staging. Continuing Education Conference: "What's New in Thoracic Surgery?" Chapel Hill, North Carolina, May 1997.

Therapy for stage IIIa and IIIb. Continuing Education Conference: "What's New in Thoracic Surgery?" Chapel Hill, North Carolina, May 1997.

Management of malignant effusions. Continuing Education Conference: "What's New in Thoracic Surgery?" Chapel Hill, North Carolina, May 1997.

Staging and treatment of Stage I, II, and IIIA lung cancer. Minisymposium on "New Hope for Lung Cancer: An Interdisciplinary Approach." 20th Annual Internal Medicine Conference, Chapel Hill, North Carolina, March 1996.

Multimodality treatment of lung cancer. Visiting Professor, Allegheny General Hospital, Pittsburgh, Pennsylvania, September 1995.

Multimodality treatment of stage IIIa non-small cell lung cancer. North Carolina Chapter, American College of Surgeons, Asheville, North Carolina, July 1995.

Pulmonary care of thoracic surgical patients. North Carolina Critical Care Conference, Raleigh, N.C. September 1993.

Take a deep breath—lung transplantation. 8th Annual Organ and Tissue Donation and Transplantation Seminar, Port Canaveral, Florida, September 1993.

Pulmonary care in thoracic surgical patients. Twelfth Annual Educational Symposium: Critical Issues in the ICU. Carolina/Virginia Chapter, The Society of Critical Care Medicine, Raleigh, North Carolina, September 1993.

Heart, lung, and heart-lung transplantation. Association of Operating Room Nurses, Raleigh, North Carolina, March 1993.

Lung transplantation. Cystic Fibrosis Day 1992, Stokesdale, North Carolina, April 1992.

Lung transplantation. American Association of Critical Care Nurses, Durham, North Carolina, November 1991.

Long-term follow-up of mitral valve repair. Annual Meeting, American College of Surgeons (Washington State Chapter), April 1988.

Local

The role of PET scanning in patients with lung cancer. Presentation at New Hanover Medical Center. Wilmington, N.C., September 3, 2004.

Progress in treatment of Pancoast tumors. Presentation at New Hanover Regional Medical Center. Wilmington, N.C., September 2, 2004.

Overview and treatment of non-small cell cancer of the lung. Update in Lung Cancer (Wake Area Health Education Center – continuing medical education program). Henderson, N.C., September 1, 2004.

Integration of tests in the evaluation of patients with non-small cell lung cancer. Update in Lung Cancer (Wake Area Health Education Center - continuing medical education program). Rex Hospital, Raleigh, N.C. March 18, 2004.

Lung cancer. UNC Surgery Resident Didactic Conference, Sept. 30, 2003.

Malignant pleural mesothelioma. UNC Thoracic Surgery Didactic Lecture Series, August 7, 2003.

Beta blockade to prevent perioperative myocardial infarction. Critical Care Grand Rounds, UNC Hospitals, Chapel Hill, NC, July 28, 2003.

Perioperative protection against cardiac events by using beta blockers. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, N.C., April 2003.

Lung transplants. Part of “The cutting edge: Focus on transplant care,” a UNC Hospitals and UNC Nursing School continuing education conference. Chapel Hill, N.C., April 2003.

Approach to the diagnosis and staging of patients with lung cancer. UNC Thoracic Surgery Didactic Lecture Series, March 2003.

Multimodality treatment of lung cancer. Huntington Hospital, New York, New York, November 2002.

Multimodality management of lung cancer. Michiana Hematology-Oncology, South Bend, Indiana, August 2002.

Esophageal Cancer. UNC Thoracic Surgery Didactic Lecture Series, May 2002.

Esophageal cancer, staging and combined modality therapy, Rex Classic Medical Education Symposium, North Ridge Country Club, Raleigh, North Carolina, October 2001.

A little help from your friends or a multidisciplinary approach to medical care. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, North Carolina, August 2001.

Mesothelioma. UNC Thoracic Surgery Didactic Lecture Series, March 2001.

Lung cancer: screening, early detection, staging and treatment of early stage lung cancer, Candler Hospital, Savannah, Georgia, November 2000.

New paradigms in the treatment of lung cancer. Surgery Grand Rounds, Wake Medical Center, Raleigh, North Carolina, October 2000.

Progress in the treatment of Lung Cancer. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, North Carolina, August 2000.

Lung cancer. High Point Regional Hospital, High Point, North Carolina, June 2000.

Operable early stage non-small cell lung cancer management. Hematology/Oncology Conference, Brookdale Hospital, Brooklyn, New York, June 2000.

Surgery in the treatment of early stage lung cancer. Monthly didactic conference, Hinsdale Hospital, Hinsdale, Illinois, May 2000.

Multimodality approach to lung cancer. Cancer Conference, Morganton, North Carolina, May 2000.

Multimodality treatment of early stage non-small cell lung cancer. Phoebe Cancer Center, Albany, Georgia, May 2000.

Advances in the treatment of lung cancer. FROG Cancer Center, Tallahassee, Florida, May 2000.

Advances in current therapy for non-small cell lung cancer. Oncology/Hematology Conference, Brooklyn, New York, April 2000.

Multimodality treatment of early stage non-small cell lung cancer. Memorial Hospital, Jacksonville, Florida, April 2000.

Multimodality treatment of early stage non-small cell lung cancer. Orange Park Cancer Center, Orange Park, Florida, April 2000.

Thoracic Oncology. Basic surgical education lecture. UNC Hospitals, Chapel Hill, N.C., March 2000.

Detterbeck FC, Socinski MA. The Multidisciplinary Thoracic Oncology Clinic. Oklahoma Oncology Inc. Roundtable Discussion, Tulsa, Oklahoma, March 2000.

Combined modality therapy for non-small cell lung cancer. Oncology Conference, Rex Cancer Center, Raleigh, North Carolina, December 1999.

Multimodality treatment of non-small cell lung cancer. Montefiore Medical Center Lecture Series, Bronx, New York, November 1999.

Multimodality therapy of early stage lung cancer. Las Vegas Oncology Association, Las

Vegas, Nevada, August 1999.

Multimodality therapy of early stage lung cancer. Long Beach Oncology, Long Beach, California, August 1999.

Thoracic oncology in the new millennium. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, North Carolina, July 1999.

Neoadjuvant and adjuvant therapy in the treatment of non-small cell lung cancer. Surgery Grand Rounds, Methodist Cancer Center, Omaha, Nebraska, May 1999.

Massive pulmonary embolus. Medicine Grand Rounds, UNC Hospitals, Chapel Hill, N.C., April 1999.

The role of surgery in locally advanced non-small cell lung cancer. Integris Baptist Medical Center, Oklahoma City, Oklahoma, February 1999.

The role of surgery in locally advanced non-small cell lung cancer. Cancer Care Associates, Tulsa, Oklahoma, February 1999.

A comprehensive approach to the management of non-small cell lung cancer. Tom's River, New Jersey, November 1998.

Presurgical chemotherapy for non-small cell lung cancer. Mercy Clinical Society, Mercy Hospital, Oklahoma City, Oklahoma, November 1998.

Multimodality treatment of non-small cell lung cancer: surgical perspective. Hurley Medical Center, Flint, Michigan, November 1998.

Multimodality treatment of non-small cell lung cancer: surgical perspective. Hickory Oncology Society, Hickory, North Carolina, October 1998.

Multimodality treatment of non-small cell lung cancer: surgical perspective. Oncology Association of Clinton, Chevy Chase, Maryland, October 1998.

Early stage non-small cell lung cancer. Oak Park Hospital Tumor Board, Oak Park, Illinois, October 1998.

Aortic dissection and aortic aneurysm. Medical Grand Rounds. UNC Hospitals, Chapel Hill, N.C., September 1998.

Multimodality treatment of non-small cell lung cancer: surgical perspective. Virginia Beach Oncology Society, Virginia Beach, Virginia, September 1998.

Heart and heart-lung transplantation. UNC Transplantation Conference, Chapel Hill, North Carolina, September 1998.

Multimodality treatment of non-small cell lung cancer: surgical perspective. Cancer Foundation of Santa Barbara, Santa Barbara, California, September 1998.

Advances in current therapy for non-small cell lung cancer. Grand Rounds, Maryview Medical Center, Portsmouth, Virginia, September 1998.

Development of a multidisciplinary thoracic oncology program. Daytona Oncology Society, Daytona Beach, Florida, August 1998.

Data, evidence and the art of medicine: the beginning of a new paradigm. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, North Carolina, July 1998.

Management of early stage lung cancer. Grand Rapids Monterey Hospital, Monterey, California, July 1998.

Multimodality treatment of lung cancer. San Francisco Oncology Society, San Francisco, California, July 1998.

Multimodality treatment of lung cancer. Oncology Symposium, Birmingham, Alabama, April 1998.

Staging of non-small cell lung cancer. Alamance County Hospital Tumor Board, Burlington, North Carolina, April 1998.

Multimodal treatment of lung cancer. Forsythe Memorial Hospital, Winston-Salem, North Carolina, September 1997.

Lung cancer: treatment update. Granville Medical Center, Granville, North Carolina, August 1997.

Multidisciplinary treatment of lung cancer. Augusta Oncology Society, Augusta, Georgia, May 1997.

Esophageal carcinoma. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, N.C., January 1997.

Cancer, prevention and control: A look at clinical cancer research. Annual lecture at the UNC School of Public Health graduate course on cancer control. September 1996-2002.

Surgery of the Aortic Arch. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, N.C., April, 1996.

Microvascular free flaps in head and neck surgery. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, N.C., February 1995.

Organ and tissue transplantation and donation. Fayetteville Medical Society, Fayetteville, North Carolina, November 1993.

Perioperative cardiac morbidity in noncardiac surgery. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, N.C., January 1993.

The importance of organ donation. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, N.C., August 1992.

Paced skeletal muscle assist for the failing heart: cardiomyoplasty. Surgery Grand Rounds, UNC Hospitals, Chapel Hill, N.C., March 1989.

Tracheal resection and reconstruction at Virginia Mason Hospital. Seattle Surgical Society, December 1986.

Professional Service:

National Committees

National Cancer Institute Advisory Panel to review ACOSOG group – October 2004
American College of Chest Physicians (ACCP) - Chair, Thoracic Oncology Network, 2004-present; Vice Chair, 2002-2004
ACCP Lung Cancer Guidelines Steering Committee. 2000-present
ACCP Thoracic Oncology Network Steering Committee 2000-present
Surgery Committee, Cancer and Leukemia Group B (CALGB), a multi-institutional oncology group. 1995-present
Thoracic Surgeons Subcommittee, CALGB. 1992-present
Executive Committee of CALGB. 1999-2002
Board of Directors, CALGB, 1999-2002
Board of Trustees, CALGB, 1999-2002
NIH Committee to develop a common surgical toxicity scoring system. 2001-2003

Reviewer for:

The Annals of Thoracic Surgery
Chest
Journal of Thoracic and Cardiovascular Surgery
Journal of Clinical Oncology
Transplantation

University of North Carolina Hospitals

Clinical Process Improvement Team Steering Committee, 2002-present
Clinical PET Oversight Committee, 2002-present
Fringe Benefit Committee, 2002-present
Surgeons Compensation Task Force Committee, 2002-present
Clinical Management Committee, 2001- present
Medical Director of the Cardiothoracic Stepdown Unit, 1991-present
Medical Director of the Cardiothoracic Intensive Care Unit, 2001-2004

University of North Carolina School of Medicine

Director, UNC Multidisciplinary Thoracic Oncology Program, 1995-present
Executive Committee, Lineberger Comprehensive Cancer Center 2001-present
UNC Principal Investigator for CALGB surgical research activity 1996-present

University of North Carolina School of Medicine (continued)

Clinical Research Program, Lineberger Comprehensive Cancer Center 1994-present
Clinical Cancer Protocol Review Committee 1994-present
